

“ AN ACCURATE CENSUS COUNT MEANS THE PROGRAMS THAT SUPPORT MY FAMILY LIKE SNAP, TRIBAL TANF, AND HEALTHCARE WILL BE THERE WHEN WE NEED THEM.

CENSUS 2020 IMPACT

Census 2020 will determine how federal funding is allocated across Indian Country, and programs like Indian Health Programs and Tribal TANF. An accurate count means funding will go where it is needed most.

#NATIVEPEOPLECOUNT

AMERICAN INDIANS & ALASKA NATIVES HAD THE HIGHEST UNDERCOUNT OF ANY GROUP IN THE 2010 CENSUS.

Our communities lost over \$3,000 for every person that was **not** counted. That means funding for services like Medicaid, housing, education, and food and job programs were lost from 2010 to 2020. **Personal and household information given to the Census Bureau is protected by law and NEVER shared with anyone, including the county or state, the IRS, law enforcement, or your tribe.** Get Counted; for you, for your family, and for your community.
